Partner Country Groups: Users may create and define their own Reporter and Partner Country Groups.

To Activate a Partner Country Group:

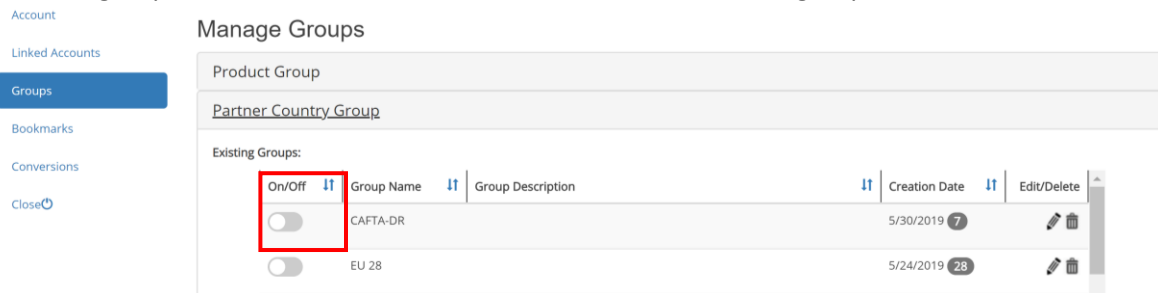

- Click on your username located in the top right corner of your screen.
- Go to “Manage,” then click on “Groups.”

- Under “Manage Groups,” select “Partner Group” Option.

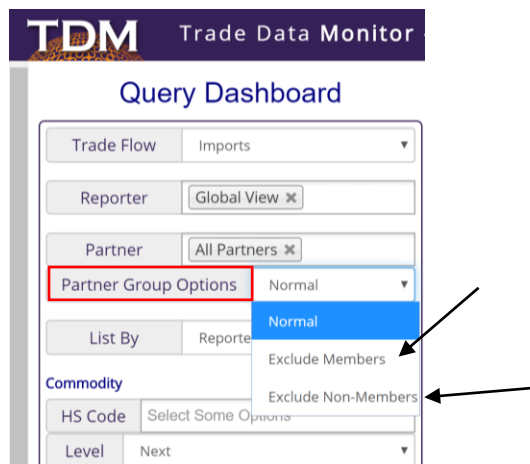

- To turn on groups, click the on/off button on the left-side, before the group name.

- Click “Close” on the far-left side of the screen.

- Refresh your main TDM screen.
- Open the query dashboard using the double orange arrows. Activated Partner Country Groups will appear under “Partner”. Once you select the Partner Country group, another option will appear to “Exclude Members” or “Exclude Non-Members”.

To Create A User Defined Partner Country Group:

- Click on your username located in the top right corner of your screen.
- Go to “Manage,” then click on “Groups.”
- Select “Partner Country Groups.”
- Name your new partner country group and (optional) give it a description. Use the “Quick Select” option on the right to easily create new groups to include and exclude members. Use the arrows to toggle between countries being put in the group and taken out. Click the green submit button on the bottom.

Reporter Country Groups: Allows users to group multiple countries that are reporting data to the TDM to see trade from an aggregated 2+ countries to all partner countries. This option enables users to see trade between the reporter country group by excluding extra-trade, or to see trade with the reporter group and its partner countries by excluding intra-trade (taking out any trade among the reporter group).

- Click on your username located in the top right corner of your screen.
- Go to "Manage," then click on "Groups."
- Under "Manage Groups," select "Reporter Country Group" Option.
- To turn on groups, click the on/off button on the left-side, before the group name.
- Click "Close" on the far-left side of the screen.
- Refresh your main TDM screen.
- Open the query dashboard using the double orange arrows. Activated Reporter Country Groups will appear under "Reporter". Once you select the Reporter Country group, another option will appear to "Exclude Intra-Trade" or "Exclude Extra-Trade".
